## SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The purpose of this amendment is to provide responses to various questions on the solicitation as follows:

**Question 1:** Section 4.2.1 Specific Qualifications for Program Manager and Program Assistant (Key): The solicitation states that the Program Manager and Program Assistant have progressive responsible experience in the area of personnel protection, with emphasis on SCBA shipalt.... As the SCBA is an Hull, Maintenance & Equipment (HM&E) piece of equipment can, the offeree substitute the word HM&E for SCBA, as the SCBA installs currently being done by the US NAVY has been restricted to one company limiting open competition within the 8A community?

**Answer 1:** The Government agrees that SCBA is HM&E equipment. However, SCBA shipalt is envisioned to be a major part of the total workload under this contract, and we would prefer to keep the wording as it is. Furthermore, it is not true that SCBA installs in the US Navy have been restricted to one company. In the past, other companies such as Technico, George Sharp, ISA, and AST have performed similar tasks for the U.S. Navy.

**Question 2:** Does the government intend to increase the hours allotted to the Project Engineer during the execution phase of the contract to cover the SOW item numbers 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 3.7, 3.9., 3.10, and 3.12?

**Answer 2:** The hours allocated to the Project Engineer during the execution phase of the contract to cover SOW items number 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 3.7, 3.9., 3.10, and 3.12? were computed on the basis of the past history of similar work. At the present time we believe the hours allocated to cover SOW items were appropriate based on previous experience. However, we will keep a diligent oversight on this matter, and keep in mind the contractor concerns. And, if changes are warranted in the future or during the execution of the contract, we will revisit this issue.

**Question 3:** Section L subsection B2.A (1): Technical/Management Proposal. Key Personnel: solicitation authorized years of experience to be substituted for degreed engineers. How does the government intend for the offeree to perform SOW items 3.1, 3.2, 3.4, 3.5, 3.6, 3.7, 3.9, 3.10, and 3.12, which requires technical experience above a high school education level to perform these functions?

**Answer 3:** The solicitation authorizes years of experience to be substituted for degreed engineers. This was done in order NOT to restrict experienced and knowledgeable people from participating in this RFP. Many governmental functions are supported by people with vast experience and knowledge without having a degree. This solicitation requires multidisciplinary hands-on knowledge in key personnel on the part of a successful contractor. Degreed personnel are welcome, but experience is also given credit in order to successfully execute the tasks envisioned under the proposed contract. It is the intent of the Government to determine the overall qualifications of the Key Personnel based on the technical degree, level of experience, and past performance.

**Question 4:** Delivery Item #DI-ADMIN-81373 is missing from the proposal document. Will you please provide this Delivery Item?

**Answer 4:** Delivery item #DI-ADMIN-81373 is attached.

**Question 5:** Is there any credit provided for the use of HUBZONE contractors or subcontractors?

**Answer .5** In accordance with FAR Subpart 19.1304, Paragraph d., EXCLUSIONS, no credit is provided for requirements currently being performed by an 8(a) participant or requirements that SBA has accepted for performance under the authority of the 8(a) Program, unless the SBA has consented to release the requirements from the 8(a) Program.
